

safety and health in private sector maritime activities and will continue to enforce all provisions of the Act, rules or orders, and all Federal standards, current or future, specifically directed to maritime employment (29 CFR Part 1915, shipyard employment; Part 1917, marine terminals; Part 1918, longshoring; Part 1919, gear certification) as well as provisions of general industry and construction standards (29 CFR Parts 1910 and 1926) appropriate to hazards found in these employments; employment at Tennessee Valley Authority facilities and on all military bases, as well as any other properties ceded to the U.S. Government. Federal jurisdiction is retained and exercised by the Employment Standards Administration, U.S. Department of Labor, (Secretary's Order 5-96, dated December 27, 1996) with respect to the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, in agriculture, as described in § 1952.234(b). Federal jurisdiction is also retained with respect to Federal government employers and employees; and the U.S. Postal Service (USPS), including USPS employees, and contract employees and contractor-operated facilities engaged in USPS mail operations.

(2) In addition, any hazard, industry, geographical area, operation or facility over which the State is unable to effectively exercise jurisdiction for reasons not related to the required performance or structure of the plan shall be deemed to be an issue not covered by the finally approved plan, and shall be subject to Federal enforcement. Where enforcement jurisdiction is shared between Federal and State authorities for a particular area, project, or facility, in the interest of administrative practicability, Federal jurisdiction may be assumed over the entire project or facility. In either of the two aforementioned circumstances, Federal enforcement may be exercised immediately upon agreement between Federal and State OSHA.

(c) Federal authority under provisions of the Act not listed in section 18(e) is unaffected by final approval of the plan. Thus, for example, the Assistant Secretary retains his authority under section 11(c) of the Act with re-

gard to complaints alleging discrimination against employees because of the exercise of any right afforded to the employee by the Act, although such complaints may be referred to the State for investigation. The Assistant Secretary also retains his authority under section 6 of the Act to promulgate, modify or revoke occupational safety and health standards which address the working conditions of all employees, including those in States which have received an affirmative 18(e) determination, although such standards may not be Federally applied. In the event that the State's 18(e) status is subsequently withdrawn and Federal authority reinstated, all Federal standards, including any standards promulgated or modified during the 18(e) period, would be Federally enforceable in that State.

(d) As required by section 18(f) of the Act, OSHA will continue to monitor the operations of the Kentucky State program to assure that the provisions of the State plan are substantially complied with and that the program remains at least as effective as the Federal program. Failure by the State to comply with its obligations may result in the revocation of the final determination under section 18(e), resumption of Federal enforcement, and/or proceedings for withdrawal of plan approval.
